

The County Committee is composed of one man and one woman from each election district (in which they must reside unless otherwise specified in your municipal by-laws.)

The county committee person is elected at a Primary Election for a two-year term by the Republican voters in their district. Their term of office begins on the first Saturday following the Primary Election.

In order to have your name placed on the Primary ballot you must file a petition with your municipal clerk 54 days before the Primary Election. You must file every other year for a two-year term.

The County Committee people are, in effect, members of the Municipal Committee and the County Committee. County Committee members are the direct official representatives of the Republican Party to all Republicans in their election district. It is the responsibility of the county committee members to organize their district in order to ensure the maximum Republican voter turnout at every election.

The County Committee members, being the direct line of communication for the Republican Party, will be in constant touch with the voters in their district, and, therefore, will:

- A. Be able to disseminate information for the Party and its candidates.
- B. Be aware of problems in the district.
- C. Be available to help voters with their problems and thus be a good neighbor. Bring unresolved problems to the attention of the Chairman.
- D. Be the recipient of much valuable feedback for the Party and its candidates.
- E. Register people to vote!!!

Within the district for which you are responsible you should:

- A. Establish friendly relations to win the confidence of the residents.
- B. Serve these residents by:
 1. Offering assistance in times of adversity or temporary emergency.
 2. Rejoice with them on happy occasions.
- C. Keep your municipal chairman informed of:
 1. Any local problem.
 2. Any change in residency.
 3. Any death.
 4. Prospective voters approaching the age of 18 years.

DUTIES

1. Greet New Residents

The name and address of new residents who have moved into your district will be furnished to you by your municipal chairman (or information is available at town hall). It is important that every person with Republican leanings is registered to vote.

2. Maintain Voter Files

A computer or card file can be used:

- a. To keep in touch with the status of each voter.
- b. As a source list of volunteers who will help in the campaign and election activities.
- c. As a check list for use in keeping a running record of who comes to the polls and who does not – also who must be called and brought to the polls on election day to ensure a full Republican turnout.
- d. As a record of those who tend to vote by absentee ballot.
- e. As a record of what follow-up must be made to win those on the doubtful list and who might be persuaded to vote Republican in a particular election.

Prior to Election Day

These appointments are paid jobs created for one year in April. They should be given to Loyal Republicans who support the party. Submit names to your municipal chairman.
5. Recommend Challengers
Each candidate may have two challengers in each District. Submit names to your Chairman. Assign challengers to ensure complete coverage throughout the election day, set a schedule for challengers, see that each one gets a copy. Try to schedule them for two hours. This is important in the General Election.

General Election Day

1. Assure that every Republican voter votes. Check your file and have people available to provide transportation to the polls. Challengers will provide a list of who has voted. Check at least two hours before the polls close and, if necessary, telephone those who have not yet voted with a reminder to do so.
2. Make sure all legal voters are counted and correctly announced.
3. Take the tally to your municipal chairman who will record, total and telephone the results to the county headquarters. This important job must be done immediately after the polls close.

DUTIES OF CHALLENGERS

The challenger must wear a badge and carry a challenger's permit.

These are supplied, upon application, by the County Election Board.

A candidate may enter any polling place in which he is a candidate, without displaying a badge, although he may be asked to identify himself.

DEADLINE

The application forms may be obtained from the County Board of Elections.

The deadline for challenger applications is two weeks before Election Day.

Any registered voter in the County is eligible to be a challenger, however, it is advantageous to have challengers from your own district whenever possible as these people are familiar with their neighbors and the area.

In most municipalities, challengers perform the additional duties of recording those persons who have voted.

Challengers may also assist the County Committee members with phone calls on election day to contact those people who have not voted.

FOR CHALLENGERS ONLY

As a challenger on Election Day, you will be performing an important function in this campaign. Just by your physical presence at the polling place, you will deter most people who are inclined to do anything illegal or improper.

During the voting, you have the right to challenge anyone you suspect is not qualified to vote and **you have the right to ask any reasonable questions necessary to determine their right to vote.** You have a right to be in a position to see the voting machine face when no one is inside voting. You are also entitled to be where you can see and compare the signature of each voter with their signatures already in the book, and you should be where you can hear each voter give his name and address. If you cannot hear the voter or cannot see the signature, ask. It is your duty to do so.

If you suspect someone is voting improperly, challenge them immediately. Once they have voted it is too late. To vote in New Jersey a person must be:

1. A citizen and at least 18 years old.
2. A resident of New Jersey - must live in state and county.
3. Live in the voting district or sign an affidavit that he has moved elsewhere in the County within the past 29 days. The Superintendent of Elections has copies of such affidavits.

A blind person may select any person to go in the voting booth with him.

Electioneering is not allowed in the polls or any area closer than a 100 ft. distance outside the entrance to the polls, You should know that only the Election Board, challengers, candidates, voters and police officers are allowed in polling places. Also, remember that each voter is allowed a maximum of two minutes in the voting machine.

GENERAL THOUGHTS ON WHAT TO DO AS A CHALLENGER

1. Be firm and courteous, but don't argue
2. If a problem occurs, ask the Election Board to act.
3. If anything else looks out of line or improper, call them immediately.
4. Since you may have to call in a hurry, locate the nearest pay phone shortly after you arrive at the polls. Also, we advise you to carry enough small change with you to make several calls.
5. Take a pen or pencil and a notebook to the polls with you.
6. **If you have to leave the polling place uncovered, make a point of checking the Public Counter before you leave and when you return.**

PARTY DECLARATION FORM

Purpose: A party declaration is a request to switch affiliation to another political party. The declaration form is filed by a voter who wishes to vote in a primary as a member of one political party but who is a registered member of a different party, or has never voted.

Filing Form: The party declaration form may be filed by mail or in person at either the office of the County Superintendent of Elections or the Municipal Clerk's office. The form must be received no later than 50 days before the primary election.

First Time Voters: Voters participating in their first primary, regardless of number of years registered, may state their party preference at the polls on election day.
